PROFILE

I would introduce myself in **three words**. Passionate coder, good listener, and fast learner. That pretty much sums it up. I'm working as a software developer in a small company, mostly working with JavaScript language. Other than that, I am more or less an ordinary guy, who loves listening to music and traveling to new places.

SKILLS

- JAVASCRIPT
- TYPESCRIPT
- REACT JS
- REACT NATIVE
- NODE JS
- EXPRESS JS
- NEXT JS
- SQL & NOSQL
